Video Package

"Highlights" a treasured video your friends will be happy to sit and watch with you. Typically 3-5 minutes, this fully edited video covers the highlights of your wedding in a format you will want to share with your friends over and over again.

"Web Share" if you choose, your highlight video will be posted on the Web on YouTube, Facebook, or on our own web server so relatives around the world can view your wedding day, even if they could not be there.

"Behind the Scenes" a fully edited video of the bride and groom preparing (1 videographer available at **each** location)

"The Ceremony" covered by a minimum of two professionally operated 3CCD video cameras (for superior video quality), fully edited with transitions and titling. We also utilize wireless microphone technology to capture your vows clearly.

"Reception" full coverage of the memorable moments at your reception, again with a minimum of two cameras, including your speeches, first dance and other festivities at the reception.

Package price: \$ 1799. Includes the above, and 5 copies of your DVD with professional menus (VHS available on request) in DVD cases with professional graphic inserts. (Additional copies: \$25.00 each). This package represents between 48-150 hours of work depending on the length of your wedding.

Please compare our prices. If, after you've shopped around, you think you can find a better price for similar quality, let us know. We'd be happy to learn we need to be more competitive and would be happy to meet or beat any price!
